

GIDI Fund Overview

Key statistics from round 1, 2 and 3

A TOTAL OF

53

Projects

A TOTAL OF

\$116,712,643

Private Funding

A TOTAL OF

\$68,783,030

EECA Co-Investment

A TOTAL OF

7.5 million

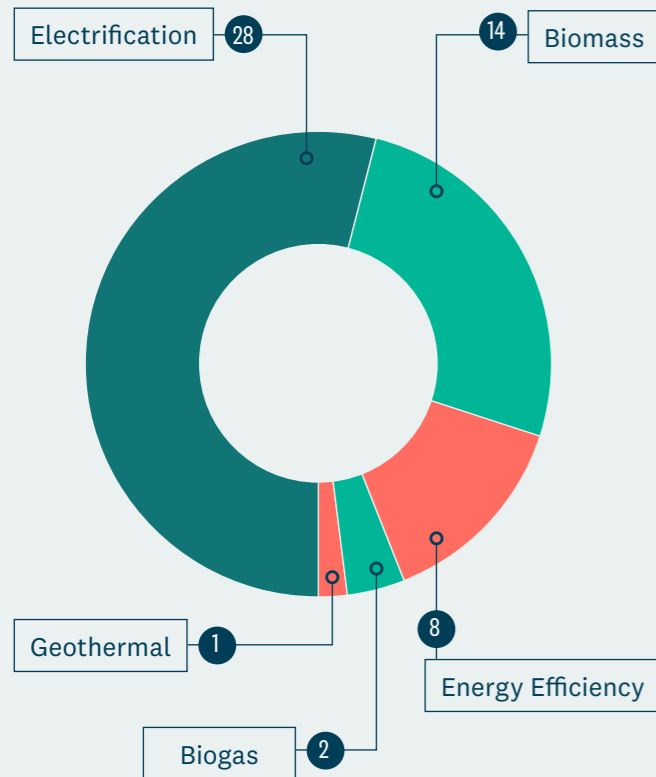

tonnes of CO₂ lifetime abatements

The GIDI Fund

The Government Investment in Decarbonising Industry (GIDI) Fund is a partnership between Government and business to accelerate the decarbonisation of industrial process heat and contribute to the COVID-19 recovery. The fund is administered by EECA (the Energy Efficiency and Conservation Authority) and focuses on investing in, and promoting, cleaner industrial processes and process heat. This is achieved through energy efficiency, applying new and innovative technologies, and fuel switching.
