

Fact Sheet: Fast-track Listed Projects

- 384 projects applied to be considered for inclusion in Schedules 2A and 2B of the Fast-track Approvals Bill.
- Of those, the independent Advisory Group recommended 199 projects for inclusion in Schedule 2A, 143 for inclusion in Schedule 2B, and 42 for not listing.
- Cabinet subsequently agreed to list 149 infrastructure and development projects that have significant regional or national benefits in the newly-named Schedule 2.
- Ministers and members of the independent Advisory Group followed a careful and robust process for managing actual, potential or perceived conflicts of interest with regard to the projects.
- The Fast-track Approvals Bill is currently before the Environment Select Committee which will report back to Parliament by 18 October.
- The Bill is expected to go before Parliament for its second reading in November. The Bill will be passed into law before the end of the year.
