

Background notes

The Carisbrook School Design Studio is located in Carisbrook School, a co-ed school of approximately 340 Year 1 – 8 students.

The school campus has recently been redesigned and the Studio is part of the refurbishment.

The other studios are located:

- Enderley Creative Studio (Hamilton)
- Studio Tuna Tech (Northland)
- Studio McLaren Park and Henderson (Henderson, Auckland)
- Indigenous Design Studio (Manukau, Auckland)
- Studio 274 (Otara, Auckland)
- Studio RZ (Rangitahi Zone). (Merivale, Tauranga)
- Tech Pa Studio (Whakatane)

The other studios have been a great success, with some students achieving software qualifications usually completed by adults, and being the first in their family to participate in further education.
